Quickly drop off in both flesh and milk, which always means a loss of money. A quick and sure way to get them back into condition is to use

## KOW-KURE.

(FOR COWS ONLY.)

It never fails to bring cows up to their best in a few days.

PENROSE GROVE, ILL., March 14, 1895.  
DARBY ASSOCIATION, Lyndenville, Vt.  
Gentlemen: This is to certify that I have used Kow-Kure. I had two cows that got off their feed and dropped on their milk fully one-half, and they calved. After using one fifty-cent box of Kow-Kure they came back to their usual state of milk, began to eat right, and they are eating as well as ever. Consider it a first-class cow medicine.  
CHARLES RAMM.

Kow-Kure is in powder form, to be given in regular doses. It cures abortion, barrenness and scours, removes retained afterbirth, and caked udder, stimulates the appetite, purifies the blood, vitalizes the nerves and prevents disease. It increases the milk. It is a medicine for cows only, made by the Darby Association, Lyndenville, Vt. Price, 50 cents and \$1.00, and for sale by

The village election will be a very quiet affair this year. Only one ticket is in the field and we hear of no one opposing on slips. It is very likely that the poll list will be small.

The different appointments of the Yale M. P. church will hold a union supper at the church in Yale on Tuesday evening, March 19th. Supper, 10c; 15c or 25c per couple. Everybody invited.

A. E. Jackson said to us last week that we need not run the local "girl wanted" any longer for more than a dozen had already made application and he had secured one. Ah says it pays to advertise in a paper that is read by everybody.

Mr. and Mrs. Chas. Richardson, living north and west of Yale, have a couple of very sick children. One daughter has scarlet fever, the other pneumonia. A trained nurse from Port Huron is in attendance and they are getting the best of care. It is hoped both will recover.

Wallace Ballentine, who has conducted the business here for the Ballentine Co. of Port Huron, for the past year, has purchased their interest in it and is now going on his own hook. Wallace is full of good business tact and now that he is out for himself we predict success. He expects to increase the stock and will be on the lookout all the time for bargains for his customers.

The Yale Woolen Mills have a number of large orders for spring goods to fill, and therefore are running nights this week full blast. Each year the business of this institution is increased and all on account of the superior quality of the goods manufactured.

Mere Digs, Yale's juvenile newspaper, after several months sailing on the sea of journalism, has finally fetched up in port to remain for a time at least. Charley E. Wells, its editor, tells us that he has found it impossible to issue a paper without the necessary spontaneity and he says he is no millionaire—although he would like to be.

Mrs. E. W. Farley and children returned last Friday from a visit with her parents near Richmond. Misses Cora and Grace McGruer and brother Willie were in Yale last Saturday and Sunday, visiting Miss Amy Wilson, who was so miraculously healed by prayer a couple of weeks ago. The committee that has the banquet and opening of the new "Hotel Paisley" in charge are busy making every preparation and not a stone is being left unturned. It is expected that the attendance will be large on April 2nd and no one need stay away thinking the accommodations will not be sufficient to take care of everybody. Be sure and be present for you will miss a grand time if you are not there.

The Expositor is kept informed as to the progress of the work of establishing a creamery in Yale, and wishes to say to its readers that as yet the building of one is very uncertain. Mr. Fuller has been busy for the past month securing patrons and receiving encouragement in the way of business, but not enough farmers have signified their willingness to bring milk which is the most essential part to make the venture a success. A meeting is called for Saturday afternoon, March 16, at Central hall, Yale, when the enterprise will be properly presented. A large attendance is requested.

The reception given by the Presbyterian Sunday school last Friday evening, was something new in its line, but was undoubtedly an unqualified success, and will result as desired in bringing into closer relation and Christian fellowship parents, teachers, officers and pupils. The gathering was mostly confined to the attendants of the Sunday school and their families and written invitations were sent out. The church was comfortably full and all listened with much attention to a good program of music, recitations and several papers, after which the company was served with hot popcorn and taffy and all indulged in social intercourse.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with grippe. Chamberlain's Cough Remedy can always be depended upon to break up a cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by Grant Holden."
